Subject: RE: Draft Scope of Work - 12 August 2008

ATTACHMENT: Modeling Data Needs Sample Collection Scope of Work_prs.doc
I made some edits. Please see my comments about replication. What do we want to do about replicates for the SBLT?

Paul

Subject: Draft Scope of Work - 12 August 2008

Attached is the text (MSWord) and associated figures (pdf) for the scope of work to collect the samples for the modeling effort. Paul and Carlos saw an earlier version of this, and I have incorporated changes based on discussion with them. Please take a look at this and provide comments and suggestions. There are still some blanks to be filled in, but the major components should all be there. Please provide comments by the end of this week or sooner, if possible.

Thanks,

Tom
